- 1.2 In the event of any contradiction between the individual agreement concluded with a client and/or the General Provisions in section A and/or the Special Provisions set forth in section B, the regulations of the individual agreement shall prevail over the General Provisions and the Special Provisions and the regulations of the Special Provisions shall prevail over those of the General Provisions.

2. Contract Conclusion and Prices

- 2.1 All offers made by KSV1870 shall be without obligation and subject to change. Unless special requirements in the Special Provisions are applicable as to the conclusion of contracts, a contract with KSV1870 shall be deemed concluded only after acceptance of these General Terms and Conditions and appropriate order confirmation or upon execution of the order by KSV1870. KSV1870 shall be entitled to refuse execution of an order without providing any reasons for such refusal.
- 2.2 The contract shall be concluded on the basis of the details and rates indicated in the current price lists, prospectuses and commercial correspondence.
- 2.3 KSV1870 reserves the right to periodically increase the prices it charges. Customers will be duly informed before any such price change takes effect.
- 2.4 Invoices shall become due for payment upon receipt. If payment is delayed, the defaulter shall be required to pay default interest in the amount of 9.2% per annum above the base rate, as well as reminder charges.

3. Reference to sec. 152 Industrial Code (GewO 1994)

KSV1870 has the right, inter alia, to exercise the trade of credit agency pursuant to sec. 152 Industrial Code (GewO 1994). Therefore, KSV1870 shall not be authorized to share details of personal circumstances that do not relate to credit standing.

4. Warranty and Liability

- 4.1 KSV1870 is deeply committed to the principles of data protection. In this context, data minimisation is of particular importance to us. Personal data shall be processed lawfully, fairly and in a transparent manner in relation to the data subject. KSV1870 takes every reasonable step to ensure that personal data that is inaccurate, having regard to the purposes for which they are processed, is erased or rectified without delay. The data, business information, addresses and all other information provided to KSV1870 (hereinafter jointly referred to as „data“) and stored in the business database of KSV1870, which can be retrieved by customers, are based on the results of the latest objective information surveys performed by KSV1870. The date on which the information was collected shall serve as the decisive point of reference in this regard. As long as there are no doubts as to accuracy, KSV1870 shall not perform any substantive research and objective verification of this data, particularly regarding its accuracy, completeness and conclusiveness. KSV1870 accepts no warranty or liability for the accuracy, completeness, conclusiveness and up-to-dateness of the requested data and the information contained therein nor for the availability of specific data.
- 4.2 The use of the databases of KSV1870 and the data provided shall not entitle customers to assert warranty claims, claims for damages or other claims – to the extent permitted by the law or unless otherwise agreed on the basis of the following Special Provisions. In particular, no compensation shall be payable for any consequential damage resulting from the use of the data. Furthermore, customers shall likewise be obliged to ensure data protection. KSV1870 shall only be liable for damages in case of intent or blatant gross negligence, however not for the actions of its vicarious or performance agents. At any rate, liability for loss of profit, indirect damage or other consequential damage is hereby excluded.

4.3 However, the limitation of KSV1870's liability shall not extend to personal injuries. For these, KSV1870 shall be liable as provided for by the general law.

4.4 Customers shall be fully liable for and all losses incurred by KSV1870 or a third party due to a customer's non-compliance with contractual, statutory or EU-law duties.

4.5 In the event of claims against KSV1870 resulting from the provision of information, transfer of data or data misuse by customers, customers undertake to indemnify and hold KSV1870 harmless from and against any claims. In the event of misuse of the provision of information or the transmitted data, and also in case of breach of these General Terms and Conditions, a customer's right to obtain information shall lapse without compensation or KSV1870 shall be authorised to terminate the contract with immediate effect.

5. Data Protection and Confidentiality

5.1 Regardless of the applicable method used to transfer the information and data, and regardless of the access to the information and data (written transmission, telecommunication, database information transfer, electronic storage medium, etc.), customers expressly confirm – along with the order asking for information and by accessing the database of KSV1870 – that they will comply with the data protection provisions, that they have a predominant legitimate interest in the transfer of data and that access to this database is absolutely necessary to safeguard their predominant legitimate interest. The collection of information and requests not based on the need to safeguard predominant legitimate interests are strictly prohibited. For this reason, KSV1870 reserves the right to verify in detail, in the event of access to its database, whether customers are authorised to do so.

5.2 Customers undertake to maintain secrecy regarding the information provided and the transmitted data, to exercise particular care when handling these and to comply with data protection law. Information will be provided and data transmitted in „strict confidentiality“ solely for the purpose of informing the customers, who shall expressly abstain from using the information and data as proof or prima-facie evidence in whatever manner. Similarly, customers undertake to abstain, and also to refrain, from forwarding information or parts thereof to any third party, either by communication or temporary inspection or by any other means. Any information that has been provided and data that has been transmitted shall remain the sole property of KSV1870 and must - at any time - be immediately returned or destroyed on receipt of a request to do requiring no further justification. Except where obliged under the law, KSV1870 shall not be obliged to reveal the sources of the transmitted data and the information.

5.3 Customers undertake to implement any measures as may be necessary to guarantee data security and to comply with the principles of data secrecy. KSV1870 shall have the right to demand that customers present the security measures they have taken. Customers shall be obliged to fully support and assist KSV1870 in its efforts to protect the rights of data subjects. If, in an assessment that only KSV1870 is entitled to perform, these measures are deemed insufficient to guarantee compliance with data protection requirements, the contract with a customer can be cancelled with immediate effect without prejudice to any other of KSV1870's claims, or the option to request information or data can be immediately disabled. KSV1870 shall be allowed to inspect the data station and the treatment of data in the presence of the customer (or an employee designated for this purpose), with a view to verifying the customer's compliance with all obligations, and to request pertinent information from the customer.

5.4 Customers shall refrain from all actions that enable them or any third party to imitate the data and information request system, the structure of a database or the standard appearance of individual documents of KSV1870. The above shall continue to apply after the end of the business relationship with KSV1870.

5.5 Furthermore, customers who employ staff shall take measures as are appropriate to ensure compliance with the obligations to which they are subject by virtue of the law or requirements

under EU law or on the basis of these General Terms and Conditions pertaining to data disclosure, access protection, the right to request data, the protection against imitation and the safeguarding of the rights of data subjects. Appropriate instructions shall be issued or appropriate agreements vis-à-vis or with the employees shall be concluded in such a manner that they can be presented as evidence to KSV1870 at any time. Customers shall continuously monitor adherence to the relevant instructions issued or the agreements concluded. Customers shall monitor data secrecy accordingly.

6. General Provisions

- 6.1 Side agreements and amendments to these General Terms and Conditions must be made in writing to be valid. This also applies to any waiver of the written form requirement.
- 6.2 Customer claims may not be set off against those of the KSV1870 unless a customer's claim is established by the court or recognised by KSV1870.
- 6.3 If any provision of this General Terms and Conditions is or becomes invalid or unenforceable, the effectiveness, validity and enforceability of all the remaining provisions shall not be affected. In such a case an effective, valid or enforceable provision that most closely matches the commercial purpose of the provision to be replaced shall be considered as agreed between the contracting parties. The same shall apply accordingly to any contract supplement in the event of omissions.
- 6.4 Vienna shall be the place of performance and shall serve as exclusive jurisdiction for all disputes arising out of or in connection with the underlying contract, including these General Terms and Conditions.
- 6.5 The contractual relations shall be governed exclusively by Austrian law, to the exclusion of the conflict-of-law rules and the UN Convention on the International Sale of Goods.

The costs for surveying the data on the land registers shall be charged separately.
- 9.6 The information shall be provided at the earliest possible convenience after the time needed for compilation, in any case within a reasonable time period.
