Stamp duty at court			23.00		

The fees are independent of the financial outcome of the insolvency proceedings and will be invoiced upon filing of your claim.

Valid as of November 1st, 2012.

* The KSV1870 SmartBonus refers to corporate insolvency cases in Austria and applies only to accounts receivable, not to all kinds of money lending (bonds, crowdfunding, etc.). It can be used only once per case. The amount of the claim is calculated by adding up all individual outstanding accounts against a debtor. Court fees will be charged. For personal bankruptcies, our member vouchers continue to be available to KSV1870 members as usual.
